

KEY ONLINE RESOURCES FOR DEVELOPING YOUR COMPREHENSIVE PLAN AND TRANSPORTATION ELEMENT

Prepared by Bureau of Equity and Environmental Services

Transportation and Land Use Web Page. This WisDOT Web page is a “one-stop-shop” page linking you to multiple resources including a state comprehensive plan database, links, DOT staff contacts, and documents.

<http://www.dot.wisconsin.gov/localgov/land/index.htm>

WisDOT Staff Contacts. This link provides you the most up to date list of staff contacts for planning issues, data, and coordination in your community.

<http://www.dot.wisconsin.gov/localgov/land/contacts.htm>

Transportation Planning Resource Guidebook. This guide is written to assist local governments in the development of the Transportation Element. (Hard copies of the guidebook can be obtained by contacting your WisDOT district staff person.)

<http://www.dot.wisconsin.gov/localgov/land/resourceguide.htm>

Directory of Resources for Comprehensive Planning in Wisconsin. This state level directory contains a listing of transportation data and information resources as well as information for all plan elements.

http://www.doa.state.wi.us/dir/documents/Resource_directory101703.pdf

Transportation Projects in Your Area. This WisDOT Web page includes information about current and future WisDOT transportation projects, plans and studies organized by location in the state or specific transportation mode.
